SNAP Outreach Specialist

DC Earned Income Tax Credit (EITC) Campaign

From January 28 to April 14, the 2019 DC EITC Campaign helps low-income taxpayers from across the District file their taxes and claim credits that incentivize work and financial savings.

As an Outreach Specialist, you will provide information at DC EITC sites about SNAP and other food resources, screen clients for eligibility, and assist them in completing SNAP applications.

Get families the information and resources they need to put more groceries on the table.

All volunteers receive free training. An ideal volunteer has effective communication skills.

Volunteer 2-3 hours a week from February through mid-April.
